

Celebrate Your Impact!

2022

**CHILDCARE
WORLDWIDE**

This story is one of hope.

Help for today. Hope for tomorrow. Faith for eternity.

These dreams we have for children are ones you likely share as well. And YOU are a part of making those happen - one child at a time. The darkness of this world can seem overwhelming. But it's in the darkest parts that light can shine the brightest. That is exactly what you do every single day when you support kids through Childcare Worldwide.

Whether you sponsor, donate, or volunteer, you are shining the light of the gospel. Children are getting help for today - with clean water, nutritious meals, and other support. They are receiving hope for tomorrow - with access to education and weekly encouragement from their Life Center teachers. And they get faith for eternity - access to the gospel and discipleship for their blossoming relationship with Jesus. Every step of the way, the gospel of Jesus Christ is proclaimed so lives and generations are transformed.

This report includes just a snapshot of that impact. I hope it brings a smile to your face. I also hope it encourages you to keep moving forward. There are still a lot of children in poverty - without education, without hope, and without Jesus! Let's give them the chance for a brighter future - together!

Until all have heard,
Bill Nienhuis
President

Our Story So Far...

OUR VISION

Connecting sponsors with children in poverty through Christ-based Life Centers, which remove barriers so kids can spiritually and physically grow into thriving adults.

OUR MISSION

Transforming children's lives by exposing them to the gospel of Jesus Christ, providing for their physical needs, and supporting their education.

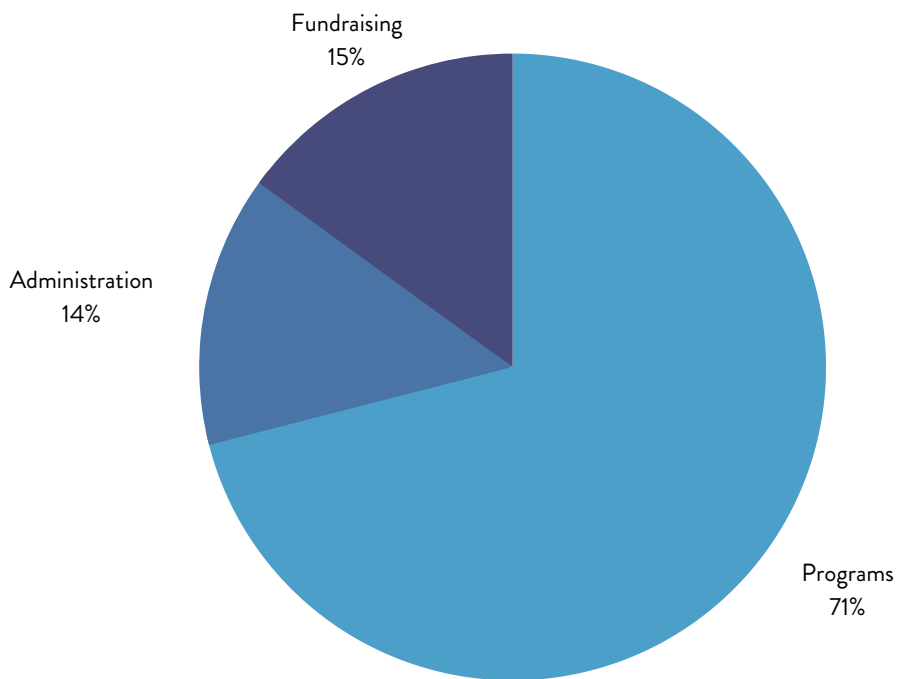

The core of your impact through CW is Life Centers, located in the center of communities and hosted by a local church. Life Centers provide children with:

- An opportunity to hear the gospel, learn about Christ's redemptive love, and trust Him as their Savior
- Nutritious food, clean drinking water, medicine, and other holistic needs
- Support for their education, including school fees, supplies, and uniforms

We are deeply committed to showing you proof of your impact. At another organization, you might never see the results from your gift. Here, we show you the difference you are making. There are photos. There are videos. There are stories. There are letters from your sponsored child. When you give, we want you to see for yourself how it is changing kids' lives! We are continually improving how we show you proof of impact, which is one of our central visions of the next stage of Childcare Worldwide's growth.

FINANCIALS (2021)

10/10

How 46% of donors rated their confidence in their impact through CW (average score was 8.5/10)

We endeavor to operate “above reproach,” financially (Titus 1:7), by doing the following:

- We complete an independent financial audit every year. A 3rd party examines our finances and accounts to ensure we are processing credit cards securely, that we have clear paper trails for how money is spent, that donors' gifts are being used as the donor intends, and much more.
- Each country we operate in completes an independent audit as well. This ensures that every dollar transferred overseas is accounted for, and spent appropriately.
- We have a robust budgeting process that ensures our expenditures line up with our mission and goals. The Board of Directors approves the budget, creating another layer of accountability.
- We are members of the Evangelical Council for Financial Accountability. ECFA members commit to upholding seven standards for responsible stewardship. These standards cover everything from communicating truthfully, acting in your best interest, keeping staff compensation at appropriate levels, and more.

Meet Sarah!

4700

Kids attended an Easter party where they heard the gospel in their language

Kids in Sri Lanka given emergency food rations for 3 months during social & economic upheaval

11

Kids' emergency medical needs paid for

200

People served at a medical camp in India

Sarah's life was good. She had a loving home. Her father had a good job and was able to provide for her and her two siblings. She was in school. She ate well. All her needs were met.

But when both her parents tragically passed away, everything changed.

Sarah's grandma took her and her siblings in, even though she didn't really have the means to care for them. She did everything she could to ensure they were well taken care of, but times were very hard. Often they didn't even have enough money to buy something for dinner.

For Sarah, access to education is so important. She remembers her father fondly and refers to him as her role model. She dreams of being a business professional someday, just like he was. But to achieve that dream, she has to do well in school. But Sarah's grandma could only sometimes afford the school fees - Sarah was in and out of school depending on the family's finances... and it seemed her dreams were slipping further and further away. Thankfully, Sarah joined Childcare Worldwide, and was sponsored! From that moment, Sarah's life took a turn for the better.

Because of her sponsors, Sarah no longer had to worry whether her school fees were paid, or how she would obtain the necessary uniforms and books. She got to enjoy healthy, nutritious meals with her friends at Life Center. She even got to enjoy fun gifts again for big events like Christmas and Easter. But the best was yet to come.

When she joined Childcare Worldwide, Sarah started attending the Life Center at her local church where she learned all about Jesus and how much He loves her. For eight years, her Life Center teachers faithfully taught her and cared for her. They studied the Bible together and constantly reminded her that God loves her.

Last year, Sarah gave her life to the Lord! Today, Sarah is not only walking in her earthly father's footsteps, as she pursues her educational goals, but she is also following her heavenly Father and choosing to live her life for Him. YOU are part of this transformation! We can't wait to see all that Sarah will accomplish as she grows to adulthood.

Your Impact In Their Words...

Matt and Nancy, Sponsors

"What inspires us is the teaching of Jesus. Childcare addresses most of the issues that Jesus mentioned in that teaching. That is a prime reason that we support Childcare Worldwide."

Prathipa, Sponsored Child

"I severely suffered from a fever; I couldn't eat or handle the pain. I was informed by my Life Centre teacher there was a medical camp. This kind help helped me understand the love of Jesus and I started to believe in Jesus along with my mother!"

Lydia, Life Center teacher

"We were ready to preach, ready to reach children, but no one was willing to support them in any way. But with Childcare Worldwide, these children are now in school; they know their hope is God! Sponsoring the children is doing a great work!"

John, Alumni

"First time I wore a shoe, it was Childcare who provided them. I've been successful; I'm pursuing a bachelor's degree in science laboratory technology. I feel very happy because I was given an opportunity that most children in Kenya don't have. Every day I work hard so that I can change the lives of my family and of my community."

2000 Hygiene Packs

Provided for girls to stay in school during their periods

81,435 Meals

Eaten by kids so they grow strong physically, stay healthy enough for school, and engage in Life Center

41 Water Tanks

Constructed at Life Centers to provide water for children and their families

Where we're going in 2023...together.

You know the stakes.

Precious children living in impoverished parts of the world are living each day without:

- Consistent access to clean water
- The nutrition they need to grow
- The funds to finish their education

These worries are all barriers to the greatest need of all - the gospel.

Together, we will partner to expand God's kingdom through "the least of these", showing His love and proclaiming His name. You are key to this mission!

1

Pair more kids with Sponsors

We want to share the gospel with every child and family possible in every village that has a Life Center. To do that, we need to add more child sponsors so we can support more children in need. This is our primary goal of 2023.

2

Improve "Proof of Impact"

Share more impact stories with sponsors and supporters so you can see how your gifts are making an impact

3

Continue to steward gifts with transparency and integrity

We will work to steward each gift well, lower administrative costs, and continue use your gifts how you ask us to.

It's all because of YOU!

None of the incredible work in these stories and statistics would be possible without the generosity of supporters like YOU!

"On behalf of myself and other sponsored children, I would like to show you how appreciative we are of your support. Without you, we would have lived a miserable life, but with your endless support, we regained hope and we do believe that one day we are going to become better transformed individuals. We have nothing to reward you with other than praying for you and asking the Almighty Lord to reward you in abundance. We also make a commitment to you that in the future when we attain financial independence, we shall further your generosity by helping the needy."
Alex, Uganda

May God bless you
generously for your
continued support of
children in need!
